

CloudFlare Tunnels on CasaOS

Recently I've received multiple requests to make a video showing how to get CloudFlare tunnels configured to work with CasaOS. So here is where I'm storing the appfile to import a CloudFlare app into CasaOS.

CloudFlare Appfile for CasaOS

Recently I've received multiple requests to make a video showing how to get CloudFlare tunnels configured to work with CasaOS.

So here is where I'm storing the appfile to import a CloudFlare app into CasaOS.

Download the [cloudflare_tunnels.json](#) file.
